

	Petrobuild	POLICY
	ENVIRONMENTAL POLICY	2026.01

Petrobuild is committed to conducting its operations in an environmentally responsible manner, minimizing the impact of our activities while delivering high-quality fuel storage and infrastructure solutions. We recognize the importance of environmental protection, particularly within fuel handling and storage environments, and integrate environmental considerations into all aspects of our operations.

Our Commitment

Petrobuild will:

- Minimize environmental impact through responsible planning, design, and execution of all projects
- Prevent pollution and protect the environment in all areas of operation
- Comply with all applicable environmental legislation, regulations, and client requirements
- Promote sustainable practices and the efficient use of resources
- Continuously improve environmental performance across our operations

Environmental Principles

We are committed to:

- Implementing spill prevention and containment measures, particularly in fuel-related activities
- Managing waste responsibly, including safe disposal and recycling where possible
- Reducing emissions, noise, and environmental disturbances on project sites
- Using materials and resources efficiently to minimize waste and environmental impact
- Conducting environmental risk assessments as part of project planning

Operational Controls

Petrobuild ensures that environmental considerations are integrated into daily operations through:

- Site-specific environmental management plans
- Monitoring and control of high-risk activities

	Petrobuild	POLICY
	ENVIRONMENTAL POLICY	2026.01

- Emergency response procedures for spills and environmental incidents
- Regular inspections and compliance checks

Responsibilities

- **Management** is responsible for providing leadership, resources, and oversight to ensure effective environmental management
- **Supervisors** are responsible for implementing environmental controls and ensuring compliance on site
- **Employees and Contractors** are responsible for adhering to environmental procedures and reporting any environmental risks or incidents

Continuous Improvement

Petrobuild is committed to the ongoing improvement of its environmental performance through monitoring, audits, training, and review of environmental practices and objectives.

Policy Enforcement

This policy applies to all Petrobuild employees, contractors, and suppliers. Compliance is mandatory and forms part of our commitment to responsible and sustainable operations.
